Synopsis When a young girl dies in an accident, a young man named Gopi and his friend Devi go to the police station to report the death of a missing person. When they are taken to a small village where they are accused of having murdered the girl, they are able to convince everyone that it was an accident. They then start to search for the girl, who is hidden away by a dangerous and scary gang of criminals. Gopi and Devi are joined by a policeman named Gogia, whose partner died in a shootout with one of the gangsters. The gangsters are led by the evil Gopal, who teaches his gang members the art of dance and kung fu. Gopi and Devi try to expose Gopal by videotaping his sessions with the gang, but he manages to blackmail them into supporting his wild performance of kung fu in a disco. However, Gopal is in fact already addicted to drugs and his dancing has made him physically ill. So he is forced to recover, to no avail. Devi tells Gopi that Gopal is not Gogia's real father, who was a carefree businessman. Gopal's real father had an affair with Devi's mother and the lovers were constantly fighting. Devi and her mother had to escape from Gopal's home, leaving Gopi and his mother behind. Gopal blamed Gopi's mother for Devi's mother's escape, and over the years, the two have never seen each other.
